

*Response of April 18, 2005*  
*U.S. Patent Application 10/614,696*

---

**REMARKS**

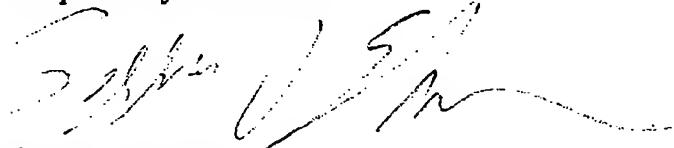

By this submission, applicant amends claim 14 in accordance with the Examiner's suggestion.

Applicant also submits a Terminal Disclaimer with respect to U.S. Patent 6,589,502 thereby overcoming the Examiner's double patenting rejection. The instant application and the aforesaid issued patent are owned by the same party.

Applicant has sought to respond fully to the Examiner's rejections in the Office Action mailed November 16, 2004, and presents the aforementioned amendments to place the application in condition for allowance. Any questions or comments should be directed to the undersigned attorney of record.

Respectfully submitted:
